**Option 1 – Global Warming Prevention Kit** (Plus We Plant a Tree – Tax Exempt Organization make \$3.25 per Kit sold and \$13.25 for Combination Kit and 10 Additional Trees sold.)

**Option 2 – Quality Hardwood/Hardy Evergreen Tree Sale** – Tax Exempt Organizations make \$2.25 per Tree Sold.

I understand that this fundraising project includes the cost of brochures, printing fees, certificates, shipping charges, planting of trees, with no hidden charges and no minimum orders. I understand our customers will pay our group directly so we may pay the National Environmental Science Education Center, Inc. I agree to supervise and take responsibility for my group. I will direct all children and students to be accompanied by an adult when selling trees. I agree to have my group distribute the customized certificates and products after I receive them from N.E.S.E.C., Inc. I agree to distribute the gift cards to students who sell 25 or more units. I understand that for every 1000 trees ordered, N.E.S.E.C., Inc. will provide one \$50.00 "Teacher Grant" to be used for educational supplies, a class party, or rewards for top sellers. I understand my group is purchasing trees that will be planted by the staff of N.E.S.E.C., Inc. or a designated representative at the optimum time of the year and at a place of N.E.S.E.C., Inc. choosing. Profits listed are for tax-exempt organizations. Applicable taxes may reduce profit per tree for other organizations. Offer void where prohibited. Sorry, NO REFUNDS due to customization of certificates! Prizes are subject to change. Prizes subject to availability and may be substituted. All orders subject to N.E.S.E.C., Inc. approval.

### PROJECT START AND END DATES (Recommended time: 2 to 3 weeks maximum!)

Start Taking Orders \_\_\_\_/\_\_\_\_/\_\_\_\_

Last Day for Orders \_\_\_\_/\_\_\_\_/\_\_\_\_
