

Help Save Planet Earth!

This presentation will motivate and inspire students and adults alike.

“This was very informative and we came away with valuable and relevant information, resources, and activities.”

High School Science Teacher

All attendees will receive action plans that will stimulate environmental involvement in your community.

“Neil & Tom inspired my students to begin an environmental science club at our school.”

Environmental Impact begins with one community at a time!

A college professor in Environmental Science describes Tom & Neil as, “Two of the strongest advocates for Environmental Science, and their enthusiasm is contagious.”

Saving the Planet

One Presentation

At a Time!

National Environmental Science Education Center, Inc.
www.nesecenter.com
4266 Parrot Rd. NW
Strasburg, OH 44680

Don't overlook this opportunity! You must see & hear these scientists & their Environmental Conference

URGENT! *Environmental Education is imperative for the future of the U.S. Host this conference in your venue for groups of any size!*

Who Attends? Adults, Parents, Students, Community & Environmental Groups, Corporate Groups, and anyone who cares enough to make a true difference.

From the Rainforest to the Wetlands . . .
Dynamic Environmental Science Presentations!

Why Should I Host an Environmental Science Update Conference at My Location?

- Attendees will benefit from the latest local and global environmental information!
- Science Standards come to life in this multimedia presentation!
- Information and data will help attendees interpret the critical scientific questions of today.
- Anyone can attend and will benefit from the very latest information.
- Community Involvement: invite community organizations to attend. Increase their knowledge of environmental issues and build community relationships!
- Only action now will save the planet in the future!
- School administrators recognize the Update Conferences as Field Trip Experiences or Career Days so that students can attend.
- N.E.S.E.C., Inc. will work with your organization to provide positive local publicity in various media outlets.
- Don't just celebrate Earth Day in April! Host an Environmental Update Conference now, so your students and community can benefit all year!

An Up-to-Date and Important Presentation Just in Time for Earth Day!

The environmental science update conference includes comprehensive coverage of the topics below. Importantly, these topics are covered using the most up-to-date information from research journals. An emphasis is placed on how these topics directly impact your attendees' futures!

- Energy!** Fossil fuels, alternative energy sources, nuclear, solar, wind, and hydroelectric.
- Biodiversity & Planet Health!** Ecosystems under stress, biomes of the world, endangered species, and human impact on the environment.
- Disease & Pestilence!** Human diseases, pesticides, herbicides, biological control, pollution, water, and natural selection.
- Action Plans for All Attendee's!** Put what you have learned to work after the conference. The more people you can positively influence, the better the future for the entire planet.

Presenters:

Tom Haren—National award winning biology teacher; NABT Outstanding Biology Teacher for Ohio—1994; NSTA & NABT presenter; Environmental Science & Biology Teacher, Adjunct Professor of Evolution and Environment at Kent State University.

Neil Parrot—Adjunct Professor of Environmental Science, Walsh University; Teaching Fellow for Kent State University; Adjunct Professor for Malone College; National Parks advocate; NSTA & NABT presenter; AP Physics & Adv. Biology Teacher.

Professional Presentations have been given in Anaheim, CA; Denver, CO; Honolulu, HI; New Orleans, LA; Boston, MA; Kansas City & St. Louis, MO; Charlotte, NC; Las Vegas, NV; NY, NY; Cincinnati, Cleveland, & Columbus, OH; Philadelphia, PA; Dallas & Fort Worth, TX.

How to Reserve Your Workshop Registration & Booking Information

- Location:** Simply supply a venue. We'll take care of the rest, including registering your guests!
